

The Intelligent Food Guide

The Intelligent Food Guide provides a selection of almost 4,000 food items from State Contract 801. These items have been compared against the Fresh Tastes @ School NSW Healthy School Canteen Strategy - Canteen Menu Planner.

The following organisations were involved in the production of the Guide:

- NSW Procurement
- NSW Department of Education and Training
- NSW Health
- Federation of Parents and Citizens Association NSW
- Catholic Education Commission NSW
- Association of Independent Schools NSW
- Healthy Kids Schools Canteen Association

The Fresh Tastes @ School NSW Healthy School Canteen Strategy uses a Canteen Menu Planner food spectrum, which categorises food into three groupings:

GREEN 'Fill the Menu'

Encourage and promote these foods in the canteen

AMBER 'Select carefully'

Do not let these foods dominate the menu and avoid large serving sizes

RED 'Occasional'

Do not sell these foods on more than two occasions per term

No 'Occasional' or Red Foods are listed in the Guide.

The Guide provides access to food items from a choice of food suppliers at significantly reduced prices. The combined power of whole-of-government buying means that savings in some food categories are as much as 35%.

KEY BENEFITS

- 4000 food items in The Intelligent Food Guide
- Food suppliers delivering to metropolitan and regional NSW
- Quality food - the contract represents best quality foods and taste. A wide variety of GREEN and AMBER products are available including fruit, vegetables, dairy products and bread
