

NSW Procurement Eligible Customers List includes all organisations that have Registered and qualified, as of the publishing date of the list to, use NSW Procurement Products & Services.

To qualify, Organisations **must** first **Register** with NSW Procurement. Organisations are then assessed and verified as an "Eligible Customer" and allocated a NSWBUY Identification Number.

All Organisations or subsidiaries of Registered Parent organisations that have already been assessed and verified are also eligible to utilise NSW Procurement Products & Services. For example: the Parent Organisation, NSW Department of Education and Training is a registered, eligible organisation. This means all DET Schools, as subsidiaries, are registered, eligible organisations. 100% subsidiary organisations are no longer eligible to register individually and must use the Parent organisation NSWBUY ID. Only if they are a partial subsidiary should an organisation register for its own NSWBUY Identification Number (and will be listed below), to obtain access to NSW Procurement Products & Services.

Organisations may only Register for a NSWBUY Identification Number if they meet certain criteria. These criteria include:

- (a) Any public sector service agency employing staff appointed under the Public Sector Employment and Management Act 2002;
- (b) A public body as defined by clause 18(4) of the Public Sector Management (Goods and Services) Regulation 2000:

18(4) In this clause, a public body includes the following:

- a) a government trading enterprise (including a State owned corporation),
- b) a public or private hospital (including an area health service),
- c) a local government agency of any jurisdiction,
- d) a charity or other community non-profit organisation,
- e) a public or private school or a college or university,
- f) a public authority of this State, the Commonwealth or any other State or Territory,
- g) a public authority of any other jurisdiction (but only if it carries on activities in this State),
- h) a nominated contractor to a eligible customer (but only in respect of things done as such a contractor).

Official orders on SCCB Contracts from organisations should contain the NSWBUY Identification Number (NSWBUY#) of the organisation as verification of their eligibility status. Orders should also contain relevant information such as the contract number and relevant purchase order information for making a purchase.

Orders that are received with a NSWBUY# must be considered as contract spend and may need confirmation as an eligible customer before proceeding to provide State Contract products, services and pricing. You may check the eligibility of any customer via contact with the NSW Procurement Client Support Centre (see contact details at the bottom of the page). Alternatively, you can contact the Organisation and request the information from them.

Vendors can also contact the Client Support Centre for verification of Registration of an organisation. This will inform you of the eligibility and if necessary date the Parent Company or Organisation received their NSWBUY Identification Number and became eligible to gain access to NSW Procurement Products & Services.

Total number of eligible customers is displayed at the end of the report, all organisation details are considered correct at the time of publishing. NSW Procurement is a part of the NSW Department of Services, Technology & Administration and may also be known in previous documents as NSW Department of Commerce, Supply NSW or Contracting Services. NSWBUY Identification Number may also be known in previous documents as NSW Supply Number, SPID, State Procurement Identification Number or SAMI Client Number.

NSW Procurement Products & Services may include SCCB Contracts, NSW Procurement Panels & Panel Contracts, NSW Procurement Applications and any other Product or Service offered by NSW Procurement.
