

# Integrated Waste Management

This new State Contract has been developed to provide an integrated waste solution. Services provided under the contract include the provision of General Waste Management, Recycling, and Secure Document Destruction. The contract aims to deliver savings efficiencies through the integration of services, reducing duplication of administration in the areas of purchasing, payment and vendor management.

This contract incorporates a 6-12 month implementation program to develop and implement an integrated waste management solution to meet agency needs. Utilisation of this contract will replace the previous three separate contact arrangements for the provision of General Waste, Recycling, and Secure Document Destruction.

## KEY BENEFITS

- An integrated solution to reduce costs and increase recycling practices
- Improved service levels in both metropolitan and regional areas
- Improved supplier reporting framework to assist agencies in complying with their Waste Reduction and Purchasing Policy (WRAPP)
- Contributes to a healthier environment: by utilizing this contract you will be reducing waste and increasing the use of recycling

## PRODUCTS & SERVICES

- General Waste - removal and transfer of waste to landfill sites; cleaning, maintenance, and disinfecting of bins.
- Recycling - collection of paper, cardboard, glass bottles and jars, aluminium and steel cans, liquid paperboard cartons, PET and HDPE plastic containers and provision of bins. Cleaning and maintenance of bins.
- Secure Document Destruction - collection, transportation and destruction of paper and printed records and electronic or magnetic media items. Cleaning and maintenance of bins.

## CONTRACT PERIOD

01/08/09 - 31/07/12

With two (2) extension periods of up to twelve (12) months each that can be exercised by mutual agreement between the suppliers and the board.
