

Imaging Devices & Document Solutions

Hundreds of organisations including Government departments, public sector agencies, education providers, councils and non profit organisations are taking advantage of the savings available through contract 2390 Imaging Devices & Document Solutions.

Copy costs in particular have been negotiated at an industry low rate, ensuring low TCO for users of the contract.

Make sure your organisation is registered now to benefit from these great savings.

KEY BENEFITS

- For purchases of photocopiers, multi-function devices (MFD's) and laser printers, significant discounts from RRP are available.
- For virtually all machines, industry low copy cost rates of 0.6 cents per impression for black and white, and 6 cents for colour, are available in Sydney, Newcastle and Wollongong. Excellent rates are also available for the rest of NSW.
- For MFD's, any purchase automatically puts in place a 5 year maintenance agreement, covering the provision of service, maintenance, parts and toner, all paid by the copy cost rates that are fixed for the 5 years ensuring significant ongoing cost avoidance for users.
- Service response times for response and repair are guaranteed, and if a vendor fails to meet them a credit will be forthcoming for one months copy costs.
- Delivery is free to all of NSW.

- No tendering costs, quotes or negotiation required, low prices for all agencies and 5 year warranty period.
- Customers should consider the total lifetime cost of running imaging devices including the cost of copies when assessing supplier offerings.
