

Retail Supply of Electricity (Small Sites)

State Contract 776 covers the retail supply of electricity supply for small sites (site consumption less than 160,000 kWh p.a.) As a guide, these sites generally use a Type 5 or Type 6 meter. AGL Sales Pty Ltd (AGL) is the sole contractor covering supply to all network areas across NSW and ACT including cross border feeds taking supply from Queensland and Victoria. This contract provides organisations with the opportunity to utilise conventional and/or green power.

KEY BENEFITS

- Fixed discount for the term of the contract. The contract allows users to achieve considerable cost savings due to the combined purchasing power of the NSW State Government. The discount applicable under this contract is 12% off the regulated tariffs.
- Flexibility for customers in choosing Government Accredited Green Power ranging from 0% to 100% (available Green options are 0%, 6%, 10%, 15%, 20%, 25%, 50%, 100%).
- Consumption and variance reporting at no extra cost.
- Dedicated Client Relationship Manager, as well as a dedicated service and support team for all billing, account enquiries, new connections and any other requests.

PRODUCTS AND SERVICES

The range of products and services available under the contract include:

- Energy (Conventional Power)
- Green Power
- Other Associated Services

CONTRACT PERIOD

01/07/08 to 30/06/13

HOW TO PURCHASE

Government agencies or eligible customers must first ensure they are registered as a buyer with NSW Procurement. The registration process will provide them with a nswbuy identification number. If you wish to check your organisation's eligibility to purchase under this State Contract, please contact the Client Support Centre: **1800 NSW BUY (1800 679 289)** or email nswbuy@services.nsw.gov.au.

Eligible and registered State Contract customers should contact AGL at the address below to obtain a copy of the Retail Electricity Supply Agreement (RESA) which must be completed when placing an order for the supply of electricity.
